Dear Stephanie,

Thank you for your generous **\$5,000** Bill Henningsgaard Grant Award to fund scholarships for Sammamish High School students to attend the Sammamish Leads program. Your dedication to helping us fulfill our vision of *Transforming Education* and *Supporting Students* inspires us every day, and we are honored to help carry on Bill's legacy of giving.

The program is particularly impactful for first generation college students...

—Researcher Randy Knuth

Each year, we see students inspired and engaged by their experiences at Sammamish Leads as they explore STEM careers through real life challenges. We love to watch them collaborate and problem solve and get excited about their futures through the process. Your grant will make these experiences accessible to students in need this summer.

Thank you again for being a vital community partner. You are helping our students **discover, develop** and **achieve** the promise of their potential.

With gratitude,

Lynn M. Juniel
Executive Director
