To All Providers Council Members:

As a part of King County – we recognize and applaud your partnership and involvement in the Eastside Early Learning Facilitators program, a program co-led by NISO and Eastside Pathways which is a part of the Best Start for Kids Innovation Fund. We are excited at the potential for this work to drive Best Starts for Kids' vision that every child and family in King County is happy, healthy, safe and thriving.

Your willingness to strengthen areas serving Latino families well, and willingness to make reasonable modifications to your services where opportunities for improvement have been identified, serves as an inspiration and example for others. Ensuring programs are equitable and racially conscious strengthens our entire community.

Thank you again for everything you do.
